#### Hashtag: #sotm

The general emergency telephone number in Italy is **112**.

<sup>\*</sup> Sessions in this room will not be recorded on video.

<sup>\*\*</sup> This session will not be recorded on video.

#### Welcome to Milan and State of the Map 2018

This booklet provides you essential information about the conference, the location and the schedule. We are proud of the participation of the OpenStreetMap community and our rich program but there is even more! Please do get involved and take advantage of the off-schedule sessions, discussions and spaces.

**Help desk** You already know the help desk, located on the ground floor (Building 3, same as the whole conference). It is also your port of call if you need support or help. We are listening to every question, report and comment related to the event, the code of conduct (page 5) or any aspect of the organisation.

**Programme** You can find the diverse programme on page 6f. Full abstracts of all talks are available at https://2018.stateofthemap.org/program

**More than just talks** Room S.1.6 is available during the whole conference as free and open space offering chairs and tables to talk to each other, work on your projects or just relax. Rooms S.1.3 (Saturday and Monday only) and S.1.4 are available for selforganised sessions. Please come to the help desk near De Donato hall to announce your session.

**Sponsors** We would like to thank our sponsors for making this event possible and for their support to the OpenStreetMap Foundation.

#### **Scholarships**

The OpenStreetMap Foundation is delighted to be able to provide scholarships to a number of recipients from Europe, the Americas, Africa and Asia:

Alsino Skowronnek Montseng Moeti

Arnalie Faye Vicario Natália da Silveira Arruda

Austin Zhu Rebecca Firth
Céline Jacquin Remígio Chilaule
Cidália Costa Fonte Sebastian Meier
Dennis Irorere Tasauf A Baki Billah
Geoffrey Kateregga Timofey Subbotin
Kshitiz Khanal Wulansari Khairunisa

Laura Mugeha

The OpenStreetMap Foundation was not the only organisation granting scholarships. Les Libres Géographes (with the overall support of Organisation Internationale de la Francophonie) facilitates five and Wikimedia Deutschland three scholarships over their own scholarship programmes.

#### **Getting around in Milan**

Azienda Trasporti Milanesi (ATM) operates a public transport network in Milan. Single tickets cost € 1.50 and are available from newsstands, tobacconists (tabaccherie), bars and automatic ticket machines in metro stations. 24 h (€ 4.50) and 48 h (€ 8.25)

tickets, as well as a *carnet* of 10 single trips ( $\in$  13.80) are also available. An evening ticket ( $\in$  3.00) allows unlimited travel after 20:00.

Tickets should be stamped at the start of every journey and every time you change vehicles. To stamp your ticket insert it into the slot in the electronic ticket machine on board overground vehicles or at the ticket barriers in the metro. It is then valid for 90 minutes unlimited use (bus or tram), or the completion of your full metro journey. Tickets are not sold on board and you will not find a self-service ticket machine at bus and tram stop.

If your journey starts with the Metro, you can also use contactless payment. Fees are limited so that you do not pay more than the 24 hr rate on any day.

#### **Code of Conduct**

The OSM Foundation is dedicated to providing a harassment-free conference experience for everyone, regardless of gender, gender identity and expression, sexual orientation, disability, physical appearance, body size, race, age or religion. We do not tolerate harassment of conference participants in any form. Sexual language and imagery is not appropriate for any conference venue, including talks.

Conference participants violating these rules may be sanctioned or expelled from the conference without a refund at the discretion of the conference organizers.

Our anti-harassment policy can be found on our website.

#### **Lightning Talks**

#### Saturday 14:10 in S.1.5

 ${\bf Nicole\ Martinelli:\ } {\it OpenStreetMaps\ for\ emergency\ prep:\ The\ view}$ 

from San Francisco

Daniel Mietchen: Wikimedia in disaster management and human-

itarian aid: an overview

Janet Chapman: Crowd2Map Tanzania—helping protect girls from

FGM and empower rural communities

Laura Mugeha: Role of mapping in achieving the Sustainable De-

velopment Goals (SDGs)

#### Sudnay 10:00 in De Donato

Instvan Vincze: Making a JOSM mapper's life simpler and easier

ikushan: A new lightning fast .osm parser Bryan Housel: The state of the iD editor

Simon Poole: State of Vespucci

#### Sunday 10:30 in De Donato

Remígio van Eys Chilaule: State of OSM in Mozambique: commu-

nity presentation and on-going projects

Alexandre Duclaux: Mapping Freetown's distribution water net-

work using OSM

Javier Carranza Tresoldi: Third party data for the SDGs: What can

openstreetmap bring to the table?

#### Sunday 15:00 in De Donato

Daniel Mietchen: Maps based on Wikidata queries

Michael Spreng: FOSSGIS routing server

Eugene Alvin Villar: OpenStreetMap and Wikimedia Stefan Eberlein: Providing OSM realtime extracts

#### Sunday 16:00 in S.0.2

Adriana Lazar: The Telenav Metrics Dashboard for OpenStreetMap

Jinal Foflia: Where is the community?
Ilya Zverv: Every day I'm mapping
Thilo: Namespaces general description

#### Sunday 16:30 in S.0.2

Akhi Jetra: Brightest star among the crowd

Massimiliano Bernabé: OpenStreetMap for the dyslexic

Sandra Tabinas: Mental Health A-WHERE-ness PH: Mapping men-

tal health resources in the Philippines

Michael Bernhamou: Improving Public Policy with Geo-Statistics

#### Sunday 17:00 in S.0.2

Kristiina Kerge, Kadri Maripuu: MapIt—Global trash hunt

Balémta Aimée Sama: The face of OSM in Togo: data analysis and

achievements

Gregory Marler: State of the UK: 14 years of vision

Arnalie Faye Vicario: Mapping A Paradise: Batanes, the Home of the Winds

#### The stage is yours ...

You are missing a talk? We have three slots (4 lightning talks each) left. Meet us at the help desk to sign up.

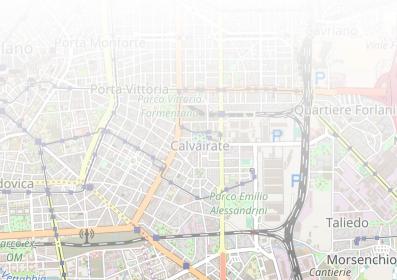

New lightning talks and changes to the programme will be announced next to the welcome desk. Descriptions of the new lightning talks will be published on the OpenStreetMap wiki at https://2018.stateofthemap.org/program

#### **OpenStreetMap Foundation**

The OpenStreetMap Foundation is an international non-profit organization supporting, but not controlling, OpenStreetMap. We are dedicated to encouraging the growth, development and distribution of free geospatial data and to providing geospatial data for anyone to use and share.

We need you as member. Members are vital to the Open-StreetMap Foundation—to voice ideas and shape the direction of the Foundation, and support efforts of working groups. We welcome all who support our goals to join us!

Find out more and join at osmfoundation.org or join the session *Get involved in the OpenStreetMap Foundation* on Saturday on 17:40.

#### **Thanks**

Each year when we write this section we are reminded why Open-StreetMap is so great—it's the dedication and passion of individuals who, when acting together, can achieve great things. This year is no different. In fact we've been helped by a record number of people, many of whom are returning in roles they supported in the previous year or two. The generosity of the following people have kept us on track and each contribution, however small, moved us closer to our goal. Thank you.

State of the Map would not be possible without the support of the OpenStreetMap Foundation working groups. Over the years we have worked with almost every working group, the Board, Advisory Board, and of course our hosts of this year (Wikimedia Italia) are one of the OSMF Local Chapters. We encourage everyone to ask how they can help the groups—even a spare 10 minutes here and there can make the difference.

#### **SotM Working Group**

Benoît Fournier Christine Karch Gregory Marler Michael Reichert Mikel Maron Rob Nickerson

#### Local team

Alessandro Palmas Francesca Ussani Francesco Frassinelli Giovanna Ranci Ortigosa Marco Minghini Maria Antonia Brovelli Marta Frica Arosio
